(2)

(A) Local boards of education may request that a sponsor apply to convert an existing public school to a public charter school.

(B) Upon a local board of education's review of a sponsor's application for a new public charter school, the local board of education may request that the sponsor amend the public charter school application to provide for the conversion of an existing public school.

(C) This subdivision () (2) does not require a local board of education to approve a sponsor's application to convert an existing public school to a public charter school.

(3) An existing public school may convert to a public charter school pursuant to this chapter if the parents of at least sixty percent (60%) of the children enrolled in the school, or at least sixty percent (60%) of the teachers assigned to the school, support the conversion and demonstrate such support by signing a petition seeking conversion, and if the LEA approves the application for conversion. The percentage of parents signing a petition must be calculated on the basis of one (1) vote for each child enrolled in the school.

(4) A public charter school sponsor shall submit the sponsor's application for conversion to the local board of education. The local board of education shall act on the application no later than ninety (90) days after the date on which the application was submitted.

Out-of-zone students who attended the school during the previous school year and the siblings of students who attended the school may be given preference in enrollment;

(E) A parent of a child who is enrolled at the conversion public school may enroll the parent's child in another public school without penalty; and

(F) The conversion public charter school shall occupy the converted public school's existing facility.

The appeal and review process must be conducted in accordance with this subdivision (b)(4);

(iii) The state board of education or the state board of education's executive director, acting for the state board of education, may allow a sponsor to make corrections to the sponsor's application on appeal, except for the elements of the application required under § 49-13-107(b)(1), (2), (4), (6), (9), (12), (13), (18), and (20);

(iv) If the application is for a public charter school in an LEA that does not contain a priority school on the current or last preceding priority school list, and if the state board of education finds that the local board of education's decision was contrary to the best interests of the students, LEA, or community, then the state board of education shall remand the decision to the local board of education with written instructions for approval of the public charter school application. The grounds upon which the state board of education based its decision to remand the application

must be stated in writing and must specify objective reasons for the state board of education's decision. The state board of education's decision is final and is not subject to appeal. The local board of education shall be the authorizer; and

(v) If the application is for a public charter school in an LEA that contains at least one (1) priority school on the current or last preceding priority school list, and if the state board of education finds that the local board of education's decision was contrary to the best interests of the students, LEA, or community, then the state board of education may approve the application for the public charter school. The state board of education's decision is final and is not subject to appeal. The state board shall be the authorizer.

(B) This subdivision (b)(4) is repealed at 11:59 p.m. on December 31, 2020.

(5) Beginning immediately upon the repeal of subdivision (b)(4):

(A) A sponsor may appeal a local board of education's decision to deny a public charter school application to the commission no later than ten (10) days after the date of the local board of education's decision. The appeal and review process must be conducted in accordance with this subdivision (b)(5);

(B) After receiving a notice of appeal, the commission or the commission's designee shall:

(i) Hold an open meeting in the LEA in which the proposed public charter school submitted the public charter school application. The meeting must be open to representatives from the local board of education and the sponsor. Notice of the meeting must be provided to the local board of education, the sponsor, and the general public. At least one (1) week before the meeting, notice of the meeting must be:

(a) Published in a newspaper of general circulation in the county where the LEA is located; and

(b) Posted on the commission's website; and

(ii) Conduct a de novo on the record review of the proposed public charter school's application;

(C) The commission shall either approve or deny a public charter school application no later than seventy-five (75) days from the commission's receipt of the notice of appeal;

(D) The commission shall review applications on appeal in accordance with the state board of education's quality public charter school authorizing standards. Except as provided in subsection (c), if the commission finds that the application meets or exceeds the metrics outlined in the department of education's application-scoring rubric and that approval of the application is in the best interests of the students, LEA, or community, then the commission may approve the public charter school's application. The commission's decision is final and is not subject to appeal. If the commission approves an application, then the commission is the authorizer and the LEA for that public charter school;

(E) Notwithstanding subdivision (b)(5)(D), a public charter school authorized by the commission, and the local board of education of the LEA in which the public charter school is located, may, within thirty (30) calendar days of the public charter school's authorization, mutually agree in writing that the local board of education will be the authorizer and the LEA for the public charter school, and the local board of education shall assume the rights and responsibilities of the charter agreement. The charter agreement must be filed with the commission in a manner prescribed by the commission. This subdivision (b)(5)(E) also applies to a public charter school that has had its charter agreement renewed on appeal by the commission; and

(i) For accountability purposes under § 49-1-602, the performance of a public charter school authorized by the commission is not attributable to the LEA in which the public charter school is geographically located; and

(c) The local board of education may consider whether the establishment of the proposed public charter school will have a substantial negative fiscal impact on the LEA such that authorization of the public charter school would be

contrary to the best interest of the students, LEA, or community. If a local board of education's decision to deny a public charter school application is based on substantial negative fiscal impact, then the commission shall consider the fiscal impact of the public charter school on the LEA before approving a public charter school on appeal. The commission may request additional information from the public charter school sponsor and the LEA regarding such consideration. The commission shall not approve for operation any public charter school that the commission determines will have a substantial negative fiscal impact on an LEA, such that authorization of the public charter school would be contrary to the best interests of the students, LEA, or community.

(d)

(1) An authorizer may deny a public charter school application if the proposed public charter school plans to staff positions for teachers, administrators, ancillary support personnel, or other employees by utilizing, or otherwise relying on, nonimmigrant foreign worker H1B or J1 visa programs in excess of three and one half percent (3.5%) of the total number of positions at any single public charter school location for any school year.

(2) Notwithstanding subdivision (d)(1), an authorizer shall not deny a public charter school application solely because the proposed public charter school plans to exceed the limitation in subdivision (d)(1) by employing foreign language instructors who, prior to employment, meet and, during the period for which the instructors' H1B or J1 visas have been granted, will meet all Tennessee educator licensure requirements. If an authorizer denies a public charter school application under this subsection (d), then the sponsor may appeal the authorizer's decision to deny the application as provided in subsection (b).

(e) An authorizer shall not base the authorizer's approval of a public charter school application on conditions or contingencies.

(f) The state board of education shall adopt quality public charter school authorizing standards based on national best practices. Authorizers shall adopt the authorizing standards approved by the state board of education.

(g) No later than ten (10) days after the approval or denial of a public charter school application, the authorizer shall report to the department of education whether the authorizer approved or denied the application. The authorizer shall provide the department with a copy of the authorizer's resolution that provides the authorizer's decision and the reasons for the authorizer's decision.

The authorizer shall not assume the debt from any contract for goods or services made between the governing body of the public charter school and a third party, except for a debt that is previously detailed and agreed upon in writing by the authorizer and the governing body of the public charter school, and that may not reasonably be assumed to have been satisfied by the authorizer.

(SB1251 by *Gresham, *Stevens)

Senate Amendment No. 4

AMEND House Bill No. 788 by inserting the following new section immediately preceding the effective date section and renumbering the effective date section accordingly:

SECTION _____. Tennessee Code Annotated, Title 49, Chapter 7, Part 1, is amended by adding the following as a new section:

(a) Notwithstanding § 10-7-504 or any other law to the contrary, records maintained by an intercollegiate athletics program of a public institution of higher education must be treated as confidential and must not be open for public inspection if the records contain information relating to game or player integrity and that is traditionally not revealed publicly due to the public institution of higher education's need to maintain competitiveness in the sport to which the records relate.

(b) As used in this section, "information relating to game or player integrity and that is traditionally not revealed publicly due to the public institution of higher education's need to maintain competitiveness in the sport to which the records relate" includes, but is not limited to, plays or playbooks; signals; plans, techniques, philosophies, strategies, systems, drills, or schemes for practices,

games, or other team activities; recordings of practices, games, or other team activities; assessments of a participant including a player, recruit, game official, or opposing coach; information related to nutrition, medical care, physical therapy, recovery, strength-training, conditioning, or a player's likelihood of participating in a sport or athletic competition; and other information which, if disclosed to the public, reasonably could be used to affect the integrity of a sport, athletic contest, a participant in a sport or athletic contest, or a bet or wager on a sport or athletic contest.

(c) This section does not limit access to records:

(1) Of a law enforcement agency, court, or other governmental agency that is performing an official function;

(2) That relate to a court's or governmental agency's determination that an individual or a public institution of higher education violated a law; or

(3) That relate to a notice of an allegation by, or a determination of, the National Collegiate Athletic Association (NCAA) that an individual or institution violated a NCAA rule, including, but not limited to, a warning, reprimand, fine, suspension, termination, or other similar action, imposed by a public institution of higher education or the NCAA.

(d) This section does not prohibit a coach or other employee of a public institution of higher education from releasing information related to a player's injury, a player's or team's readiness to participate in a competition, or any other observation or strategy if the release of information is part of the traditional and regular communication that a coach or other employee of a public institution of higher education voluntarily releases to inform the public.

(e) Notwithstanding subsection (a), records, or parts of records, that are confidential pursuant to this section must be released to the public upon a request made in accordance with § 10-7-503 when the public's interest in the content of the records outweighs the interest of game or player integrity or the need to maintain competitiveness in the sport to which the records relate, or when game or player integrity or the need to maintain competitiveness in a sport are no longer relevant due to the passage of time. For purposes of this subsection (e), "public interest" includes, but is not limited to, accountability of the public institution of higher education, public officials, or employees of the public institution of higher education. This subsection (e) does not apply to records otherwise confidential under state or federal law.

(f) This section is repealed on July 1, 2026.
